

25th March 2015

Open PhD and Postdoc Postions

The Theoretical Chemistry team of Institut de Chimie Radicalaire (Aix-Marseille University, CNRS) has several open positions in theoretical photochemistry and molecular modeling.

* PhD: QM/MM modeling of Anabaena Sensory Rhodopsin photochemistry (ANR/DFG funded project: FEMTO-ASR)

* PhD: Development and application of theoretical models for bioluminescence (French MESR grant)

* Postdoc: QM/MM modeling of Anabaena Sensory Rhodopsin photochemistry (ANR/DFG funded project: FEMTO-ASR) More details at <http://icr-amu.cnrs.fr/ct/open-positions>

Prof. Nicolas Ferré
